## Good Brews!

Bushwakker Brewpub offers nine flagship beers, two guest draughts and one rotating tap of special import draught all year round. Twenty additional beers and a blackberry mead are brewed in The Bushwakker brewery and made seasonally available. They are served on a rotating basis, or at certain times of the year, or at the dictates of consumer demand.

Non-beer beverages are available including wine, an excellent local rhubarb cooler, non-alcoholic sarsaparilla and pop, tea & coffee.
